Khurram Anwar

Senior Web Developer & Designer

PROFESSIONAL SUMMARY

I am currently seeking my next career opportunity as a senior web developer and designer, bringing over 15 years of industry experience with international exposure. With a strong background in both web and graphic design, I offer a unique combination of creative and technical expertise. I am highly skilled in WordPress, Shopify, and front-end development using HTML5, CSS3, and jQuery. I also have extensive experience with modern page builders such as Elementor, Divi, Pagefly, ClickFunnels, and GoHighLevel. My design capabilities extend to UI/UX, branding, Figma, Canva, and print media. Throughout my career, I've delivered a wide range of web, branding, and print projects, consistently ensuring high-quality results and client satisfaction. I am known for my professional approach, reliability, and commitment to long-term partnerships.
